Project Title : Supply, Delivery and Installation of Air-conditioning units to be used for the City Government Office: Office of the City Building Official (OCBO) in the City of San Fernando, Pampanga.

Project Location: City of San Fernando, (P)

Background: As written in Section 15-General Welfare- of Republic Act (RA) 7160 known as the Local Government Code of 1991 – “Within their respective territorial jurisdictions, local government units shall ensure and support, among other things, the preservation and enrichment of culture, promote health and safety, enhance the right of the people to a balanced ecology, encourage and support the development of appropriate and self-reliant scientific and technological capabilities, improve public morals, enhance economic prosperity and social justice, promote full employment among their residents, maintain peace and order, and preserve the comfort and convenience of their inhabitants”.

Further, pursuant to Section 2 of Republic Act 6713, known as the Code of Conduct and Ethical Standards for Public Officials and Employees, “Public officials and employees shall at all times be accountable to the people and shall discharge their duties with utmost responsibility, integrity, competence, and loyalty, act with patriotism and justice, lead modest lives, and uphold public interest over personal interest”.

To be able for the public officials and employees to conform to the above mentioned while making sure of a convenient transaction to clients in the City Government Facilities, we believe on the need for a convenient, comfortable and conducive to good health environment.

Having a tropical climate with higher temperature mostly, cooling system is believed to be of high importance to achieve a comfortable space for government transaction. Thus, this project.

Objective/s: The main goal of the project is to create a convenient, comfortable and conducive to good health environment for government transaction.
