TERMS OF REFERENCE

Supply and Delivery of Mobile Devices to be used at Project Inventory of Buildings Office in the City of San Fernando, Pampanga

I. BACKGROUND

The continuous growth of the economy in the City of San Fernando lead to vast construction of buildings/structures intended for Residential, Commercial, Institutional, Industrial, and other Building Occupancy/Use. These in turn raised a growing concern on the upkeep and update of records; archiving, repository and retrieval of records; current limitation of record storage spaces within the OCBO premises; man power; and not up to date data of buildings/structure and other pertinent infrastructure within the City of San Fernando, Pampanga.

The increase in construction development multiplied the number of applications of constructions permits/certificates which lead to a large volume of plans and documents to be stored. To utilize the use of technology and lessen the quantity of stockpiled documents and records, The Office of the City Building Official (OCBO) as the One-Stop Shop for all issuance of construction permits and certificates, proposes to create a centralized inventory of all building/structure and pertinent infrastructure related data and documents passing through OCBO. This will be an archived library or database of all-important files related to building/structures, serving as back up copy in case the physical documents are lost due to environmental disasters like flood and fire, as well as ease in retrieval of documents.

In order to support the needs of the OCBO and in order to secure all essential files to be stored, restored, and access in any given time, the OCBO is proposing to saturate all buildings/structures and other infrastructures for the "Inventory of Buildings in the City of San Fernando, Pampanga". This project will work with the consistent implementation of Annual Inspection for all buildings/structures as required in the National building code of the Philippines to help the OCBO to continuously and consistently regulate the buildings/structures within the City of San Fernando, Pampanga.

II. BUDGETARY REQUIREMENT

The Approved Budget for the Supply and Delivery of Mobile Devices to be used at Project Inventory of Buildings Office in the City of San Fernando, Pampanga is included in the PPMP with Ref. No. 2023-3929 which is in the amount of **EIGHTY THOUSAND PESOS and 00/100 (Php 80,000.00)**.
