SUPPLY AND DELIVERY OF MEALS TO BE SERVED FOR THE PSCP CASCADING: ADVOCATING COMMITMENT AND RESILIENCY AMONG FERNANDINO PUBLIC SERVANTS AMIDST CALAMITIES

BACKGROUND

With the constant threat of natural disasters, global climate change and disease pandemic, it is imperative that local government and its community are ever prepared for such events. Accordingly, the City Government of San Fernando recognizes that preparedness is tantamount to the well-being of its constituency both in terms of health and livelihood. Knowing this, the City established a joint effort of all its offices and the private sector to come up with DRRM plans and actions enabling the functionality of all the City's offices amidst the abovementioned hazards.

Coinciding with the supposed celebration of the Cityhood Anniversary of the LGU, the first case of COVID-19 death outside China was recorded in the country in February 2020. In the same month, the first casualty of the disease in the province of Pampanga was recorded in the City of San Fernando. These cases prompted unplanned measures and actions from the National Government and Local Government Units that severely impacted the community and service delivery of the government.

In view of the above, the City Government formulated its Public Service Continuity Plan (PSCP) to ensure that, on top of preventive measures to avoid the abovementioned situation, concrete actions are set to be implemented and enforced to dampen the effects of such events, leading to a thriving community despite major challenges brought by such events. Thus, a PSCP Orientation titled "Advocating Commitment, Resiliency and Heroism among Fernandino Public Servants amidst Calamities" for all City Government Employees is proposed.
