In the City Government of San Fernando, Pampanga through its police force, City of San Fernando Police Station, remains vigilant in its fight against any issues on illegal drugs. This is a very serious matter and life-endangering which needs utmost attention and intervention for the youth who are called to be the hope of our country and are the most vulnerable sector of our society. the issues on illegal drugs which very serious in our country. The War on Drugs of His Excellency President Rodrigo R. Duterte is an effective and powerful tool which led to many drug users and pushers voluntarily surrender in their respective barangays/municipalities or cities. However, despite of surrendering voluntarily, some of drug reformists are not totally healed and have not abstained or totally stopped in using these illegal drugs. It is very difficult for them because of reasons such as staying in the same environment that could make them even more vulnerable in continuing the use of illegal drugs and also there is no suitable facility in the City of San Fernando to cater drug surrenderees. People become more vulnerable especially when they are not aware of what triggers them into relapse. Continuous use of illegal drugs may lead to drug dependence, legal offenses, serious medical problems and even death.

To address the problem on illegal drug use and in support to anti-illegal drugs advocacy, the Local Government Unit initiated the construction of a BAHAY PAGBABAGO Reformation Center and now converted to Balay Silangan where the qualified drug surrenderees (Pusher) of the City will stay for one month or up until he has been treated for drug dependence and ready to reintegration to the community. The center operates on the spirit of volunteerism without expenses and also it is purposely created to help drug dependents get over their addiction and help the community in preventing the uprising issues on illegal drug use. According to Section 51 of RA 9165 or Local Government Unit's Assistance, stating that **"Local Government Units shall appropriate a substantial portion of their respective annual budget to enhance the enforcement of this Act giving priority to preventive or educational programs, and the rehabilitation or treatment of drug dependents".** The city government allocated funds for the community drug abuse rehabilitation program to effectively implement the services.
