Supply and Delivery of Hygiene Kits to be used during the World Polio Day: Color Fun Run of the City Health Office in the City of San Fernando, Pampanga

I. BACKGROUND

According to the World Health Organization (WHO), World Polio Day is annually observed on October 24. This day commemorates global efforts toward a polio-free future, as well as the selfless sacrifices of those working on the frontline of the battle to eradicate polio from every corner of the world. Polio is contagious due to the ease with which the poliovirus spreads. Although the virus is now exceedingly rare because of modern interventions, it can impair the brain regions that govern respiration, resulting in death. Polio, which has no recognized therapy, can only be avoided through vaccination.

Every year on 24 October, we observe World Polio Day to raise awareness of the importance of polio vaccination to protect every child from this devastating disease, and to celebrate the many parents, professionals and volunteers whose contributions make polio eradication achievable.

To ensure a polio-free future for everyone, efforts must continue to maintain high immunization coverage, implement high-quality surveillance to detect any presence of the virus, and prepare to respond in the event of an outbreak.

II. BUDGETARY REQUIREMENT

The budgetary requirement for the **Supply and Delivery of Hygiene Kits to be used during the World Polio Day: Color Fun Run of the City Health Office in the City of San Fernando, Pampanga** is included in the PPMP with the **Ref.
