## TERMS OF REFERENCE

### Supply and Delivery of Meals to be served during the General Assembly of Teacher Retirees (Senior Citizens) in the City of San Fernando, Pampanga for 2025

#### I. BACKGROUND

Teaching is a mental, psychological, and physical demanding profession. It plays a vital role in enlightening individuals through education, passing knowledge to young minds, and shaping the future of human society. Throughout history, society has advanced through the exchange of knowledge, which is why teaching is considered one of the most valuable professions in the world. A brighter future and hope for progress are made possible through quality education. Equal access to education helps overcome discrimination, disparities, and marginalization. Teachers, often referred to as the second most important figures after deities, shape intelligent, capable individuals who will apply practical experiences to create a better future.

Public school teachers are typically required to teach for six hours a day, with an additional two hours designated for non-contact duties such as attending meetings and grading. However, in practice, many teachers work beyond the standard eight hours, often extending their work into weekends and public holidays, which negatively impacts their health and work-life balance. Furthermore, teachers in public schools are frequently called upon to take on non-teaching responsibilities during events such as elections and national censuses, among other occasions.

In line with the 24th Cityhood Anniversary of the City of San Fernando, the Kaganapan Executive Committee, in coordination with the Department of Education City Schools Division will celebrate and recognize the contributions of the Senior Citizen Teacher Retirees on February 3, 2025 thru a simple program.
