Project Title : **Supply and Delivery of Plumbing Materials to be used for the Artesian Wells at various Barangays in the City of San Fernando, Pampanga**

Project Location: **City of San Fernando, Pampanga**

Background: As written in Section 15-General Welfare- of Republic Act (RA) 7160 known as the Local Government Code of 1991 – “Within their respective territorial jurisdictions, local government units shall ensure and support, among other things, the preservation and enrichment of culture, promote health and safety, enhance the right of the people to a balanced ecology, encourage and support the development of appropriate and self-reliant scientific and technological capabilities, improve public morals, enhance economic prosperity and social justice, promote full employment among their residents, maintain peace and order, and preserve the comfort and convenience of their inhabitants”.

The Construction and Maintenance Division of the City Engineer's Office is responsible for implementation, administration of construction, repair and maintenance of roads, bridge, drainage system, public building and other structures/facilities of public usage within the city.

Upholding the above provisions while being diligent with the above duties and responsibilities, we realize that provision of water to employees is one of the ways to promote a healthy lifestyle especially those in the office with limited time to buy water outside the office. Thus, this project.

Objective/s: The main goal of the project is to perform the Division mandate and/or function for the effective and efficient implementation, repair and maintenance of building and other structure/facilities for public usage within the City of San Fernando, Pampanga.

To ensure the continuous water supply at the various Barangays which is necessary in promoting a healthy workforce.
